#ISPHPM2027

Welcome to ISPHPM 2027

The 5th International Summit on Public Health and Preventive Medicine returns as a premier global gathering in the heart of Zurich. Over two impactful days, we unite researchers, policymakers, clinicians, and innovators to confront emerging health challenges and co-create preventive strategies for a sustainable future.

This summit delivers cutting-edge science, cross-sectoral dialogue, and actionable insights. Whether you aim to publish, partner, or pioneer — ISPHPM 2027 is your catalyst.

WHY ATTEND?

- **Discover pioneering research & innovations**
- **Engage with 200+ global influencers**
- **Stay ahead of the curve in preventive medicine**
- **Showcase your work to an expert audience**
- **Enhance your expertise through workshops**
