

4th International Summit on Earth science, Civil and Environmental Engineering

September 14-15, 2026 | Berlin, Germany

ISECEE2026

The ISECEE2026 Summit offers presentations by the world's most influential minds in the fields of Infrastructure and Construction Engineering

It also features compelling plenary talks on the most important issues by most influential minds in the field, aimed at students and young professionals, and an exhibition.

ABOUT ISECEE2026

The *4th International Summit on Earth science, Civil and Environment Engineering* will take place in *Berlin, Germany* on *September 14–15, 2026*, gathering researchers, engineers, policymakers, and industry leaders to accelerate resilient infrastructure and environmental solutions.

Overview

The summit will be a cross-sector platform for Earth system science, civil and structural engineering, and environmental technologies, designed to translate cutting-edge research into scalable projects and policy impact, with sessions linking geoscience evidence, engineered interventions, and sustainability outcomes for cities and regions.

Program highlights

Keynotes from global pioneers, interactive workshops, technical symposia, and a juried poster forum will showcase advances from geohazard monitoring to low-carbon materials and circular construction. Hands-on labs and problem-solving roundtables will target implementation pathways tied to SDG priorities and climate-neutral urban development. Curated networking will link early-career researchers with mentors across academia, government, and industry for collaboration and career growth.

Core themes

- Earth Systems and Geo-hazards: Forecasting, early-warning, and risk communication for earthquakes, landslides, floods, and coastal change.
- Sustainable Materials and Construction: Low-carbon cement, steel alternatives, reuse, and digital fabrication for circularity.
- Smart, Climate-Neutral Cities: Energy systems, mobility, district heating, and nature-based solutions aligned with city-level targets.
- Water, Climate, and Environmental Quality: Urban hydrology, watershed restoration, contamination control, and data-driven monitoring.
- Geospatial Intelligence and AI: Remote sensing, digital twins, and decision support for planning and emergency management.

We look forward to welcoming you to Berlin in 2026 for an unforgettable convergence of ideas and action.

Regards,
Karthik S

Why to Attend???

- ✔ Meet worldwide Experts, Exchange ideas and network with leading researchers.
- ✔ Learn and discuss quality initiatives, key news and challenges with senior level speakers.
- ✔ Learn skills and stay up-to-date with presentations, panel discussions, roundtable discussions, and workshops, we cover every topic from top to bottom, from global macro issues to strategies to tactical issues.
- ✔ Greater Focus, participants can gain direct access to a core audience of professionals and decision-makers and can increase visibility through branding and networking.
- ✔ New Tips & Tactics you can learn beyond your field or interest.

Who Can Attend?

- ✔ Professors
- ✔ Associate Professors
- ✔ Assistant Professors
- ✔ PhD Scholars
- ✔ Graduates and Post Graduates
- ✔ Directors, CEO's of Organizations
- ✔ Head of Departments
- ✔ Association, Association Presidents and Professionals
- ✔ Research Institutes and Members
- ✔ Training Institutes
- ✔ Earth and Environmental scientists
- ✔ Early-career Researchers and Students Seeking Mentorship and Interdisciplinary Collaboration
- ✔ Industry Innovators, Startups, and Technology Providers
- ✔ Academic Researchers, Faculty and Investigators
- ✔ Engineering Practitioners, Consulting Engineers, Materials Innovators
- ✔ Data and AI professionals
- ✔ Master's Students, PhD Candidates, and Postdocs
- ✔ Exhibitors and Sponsors
- ✔ Media Partners and Communications
- ✔ NGO & Nonprofit Leaders
- ✔ CEO's , Directors, R&D

Conference Opportunities

For Researchers and Faculty Members:

- Speaker Presentations (Oral)
- Poster Display
- Symposium hosting (4-5-member team)
- Workshop organizing

For Universities, Associations & Societies:

- Association Partnering
- Collaboration proposals
- Academic Partnering
- Group Participation

For Students and Research Scholars:

- Poster Presentation
- Young Researcher Forum
- Student Attendee
- Group Registrations

For Business Delegates:

- Speaker Presentations
- Symposium Hosting
- Book Launch Event
- Networking Opportunities
- Audience Participation

For Product Manufacturers

- Exhibitor and Vendor booths
- Sponsorship Opportunities
- Product Launch
- Workshop Organizing
- Scientific Partnering
- Marketing and Networking with Clients

ABOUT CITY

Berlin, Germany

Berlin, Germany is an excellent conference base, pairing a dynamic capital setting with high-capacity, tech-forward venues and diverse event locations. The Estrel Congress Center delivers about 30,000 m² of event space with convention halls hosting up to 6,000 participants under one roof.

Its fiber-ready auditoriums and 85+ rooms enable hybrid productions alongside Germany's largest hotel for seamless lodging and catering. Berlin Congress Center near Alexanderplatz offers 3,000 m² with theatre capacities up to 1,195 and a largest room of 965 for mid-scale plenaries.

Messe Berlin is adding a 5,000-seat multifunctional conference center to strengthen fairground-linked congress options. Character venues include WECC Westhafen with halls up to 1,000 in row seating for distinctive formats. Upgraded access via the A100 cuts transfer time to Berlin Brandenburg Airport to about 15 minutes for smooth logistics.
